

Sidharth Premanand

Product Designer · UX/UI · Figma · Design Systems · Connected Device & Health-Tech UX · MSc HCI @ Bauhaus-Universität Weimar

Weimar, Germany · +49 171 927 9559 · sidharthpremux@gmail.com · linkedin.com/in/sidharthpremanand · **Open to Werkstudent / Intern roles**

PROFESSIONAL SUMMARY

Product Designer with 3+ years of industry experience delivering shipped UX for Ather Energy (India's leading EV brand) and MediBuddy, working across connected-device UX, e-commerce, and health-tech. Contributed to the **India's Best Design Awards 2024** (Ather app). Currently pursuing an **MSc in Human-Computer Interaction at Bauhaus-Universität Weimar**, deepening expertise in user research methodologies, cognitive psychology, and systems thinking. Proficient in Figma, end-to-end design process, design systems, and cross-functional Agile collaboration. Seeking a Werkstudent or internship role in UX/UI design in Germany to apply HCI research skills in an industry context.

CORE SKILLS & TOOLS

Design & Prototyping: Figma · Adobe XD · Zeplin · Sketch · Miro · ProtoPie

UX Methods: User Research · Usability Testing · Wireframing · Interaction Design · Information Architecture · User Flows · Persona Development · Storyboarding · Design Thinking

Design Systems: Component Libraries · Design Tokens · Dev Handoff · Agile / Scrum · Cross-functional Collaboration

Domain Expertise: Connected Device UX · Automotive UX · E-commerce UX · Health-Tech UX · Mobile UX · HCI Research

PROFESSIONAL EXPERIENCE

Product Designer (Consultant) — Ather Energy

Sketch Brahma Technologies (Client: Ather Energy) · Bengaluru, India · On-site

Jan 2023 – Aug 2025 (2 yrs 8 mos)

- Redesigned test ride booking UX introducing a Home Test Ride (HTR) option — **TRB-to-TRD conversion improved from 3% to 8%** (+167% lift)
- Revamped Ather Shop mobile UX (85.9% mobile traffic) — **product page-to-checkout conversion improved from 2.40% to 6.18%**; store conversion rate increased from 0.28% to 0.39%
- Redesigned phone number-based login flow, reducing authentication friction and improving new user onboarding completion
- Contributed to the **Ather app revamp and design system** — recognised at India's Best Design Awards 2024
- Built and maintained Figma component library used across multiple product squads, ensuring design consistency at scale
- Directed product studio photography shoots for Ather Shop — managed pre-production, on-set direction, and post-production quality for e-commerce imagery
- Collaborated with PM, engineering, and marketing stakeholders across concurrent product squads using Agile methodology

Product Designer (Consultant) — MediBuddy

Sketch Brahma Technologies (Client: MediBuddy) · Bengaluru, India · On-site

Aug 2022 – Jan 2023 (6 mos)

- Led end-to-end UX for the **Meds Refill feature** — from foundational user research and persona development to high-fidelity Figma prototypes and developer handoff
- Designed **Meds Order Tracking UI** to provide patients with real-time prescription delivery visibility, reducing support queries
- Mapped and redesigned the **Diagnostic Centres booking flow** for the Labs pod, streamlining the end-to-end lab booking journey
- Conducted user interviews and foundational research to surface friction points across prescription and diagnostics journeys

Product Designer — Sketch Brahma Technologies

Product Design Consultancy · Bengaluru, India
Feb 2023 – Aug 2025 (2 yrs 7 mos) · Full-time

- Served as lead designer across client engagements including **Ather Energy, MediBuddy, Mahindra Yabx, and Wisedrive** — spanning EV, health-tech, automotive, and SaaS
- Owned the full design process across all projects: discovery research → wireframing → prototyping → usability testing → developer handoff

UI Designer (Intern) — Novatium Solutions Pvt. Ltd

Chennai, India · On-site
Dec 2021 – Mar 2022 (4 mos)

- Designed user interface components and screens for Novatium's digital product suite
- Collaborated with senior designers and developers to ensure UI consistency and responsive design across platforms

EDUCATION

MSc Human-Computer Interaction

Oct 2025 – Oct 2027

Bauhaus-Universität Weimar · Weimar, Germany
Focus: UX Research Methods · Cognitive Psychology · Interaction Design · Systems Thinking

BSc Computer Science

Aug 2018 – Aug 2021

Bishop Heber College · India · GPA: 8.1/10

HONORS & AWARDS

India's Best Design Awards 2024 — Ather Energy App Revamp · Contributor as lead product designer on the Ather app redesign and design system project
